News segment- (international news) – London

US has warned Israel to make arrangements for humanitarian support for Gaza and it's people in the next 30 days or have some US military assistance cut off .

News segment- (Sheikh Mohammed bin Rashid swears in new judges at Dubai courts) – UAE

During the ceremony, which took place at Zabe'el Palace in Dubai, Sheikh Mohammed wished the newly appointed members of the judiciary success in their new responsibilities and in contributing to the growing improvement of Dubai's judicial system. He asked judges to constantly conserve the notion of justice, retain the highest level of efficiency in their duties, and strive to the highest professional standards, highlighting their vital function in maintaining society and the significance of sustaining the principles of law.

News segment- (Bird flu infections are quietly increasing, with dozens recorded across six states.) – science and discovery

Four new instances of avian influenza were discovered in farmworkers in Washington state this week, the latest in a string of human infections reported around the country as the virus spreads among farm animals. Experts say if the virus is not controlled the cases of avian influenza may increase.

News segment- (the Indian team need 359 runs to avoid defeat by new Zealand team) – sports

India were set a tough target of 359 runs to win the second Test against New Zealand. With about two and a half days left, the Indian squad must concentrate on consistent batting and partnership development to achieve this goal. Each player must remain committed and contribute to the score, as pursuing such a target needs patience and talent. If they can keep their cool and capitalise on scoring opportunities, they will have a decent chance of winning this intriguing encounter.

News segment- (2025 Best animated film Oscar predictions: Inside Out 2, The Wild Robot, and other probable front-runners revealed) – entertainment

Top films that could attain award for the 2025 Best Animated Feature Oscar include "Inside Out 2," which follows the beloved tale from the previous film. Other promising opportunities include "The Wild Robot," based on the popular book, as well as several other fascinating concepts. These films are creating excitement for their distinctive storytelling and animation excellence, making them front-runners for nominations.
